FORWARD

The University of Alabama’s Department of Communicative Disorders administratively houses the Speech and Hearing Center. The Speech and Hearing Center serves not only as a practicum facility for students enrolled in the department, but also as a service delivery program for Tuscaloosa and the surrounding communities. This Policies and Procedures Manual was developed for use by faculty, staff, and students. It includes materials pertaining to both the academic and clinical programs. It is a requirement that all students enrolled in the program become familiar with its contents.

Faculty and Staff

Faculty
Memorie Gosa, Ph.D., CCC-SLP, Associate Professor, Chair
Angela Barber, Ph.D., CCC-SLP, Associate Professor, Graduate Director
Anthony Buhr, Ph.D., Associate Professor, UG Director
Luca Campanelli, Ph.D., Assistant Professor
Litsa Cheimariou, Ph.D., Assistant Professor
Craig Formby, Ph.D., CCC-A, Professor Emeritus
Evie Malaia, Ph.D., Associate Professor
Marcia Hay-McCutcheon, Ph.D., CCC-A, Professor
Laura Moss, SLP.D, CCC-SLP, Instructor
Paul Reed, Ph.D., Assistant Professor
HyunJoo Yoo, Ph.D., Assistant Professor

Clinical Staff
JoAnne Payne, Au.D., CCC-A, Clinic Director
Christy Albea, Au.D., CCC-A, Audiologist
Jennifer Baggett, M.S., CCC-SLP, Clinical Educator
Mary Bryan, M.S., CCC-SLP, Clinical Educator
Candace Cook, M.S., CCC-SLP, Clinical Educator
Mary Ray-Allen, M. Ed., CCC-SLP, Clinical Educator
Sara Shirley, M.S, CCC-SLP, Clinical Educator
DeLaine Stricklin, M.S., CCC-SLP, Clinical Educator

Office Staff
Lacey Watts, M.S., Academic Administrative Assistant
Mary Price, Accounting Assistant
Melissa Jordan, Office Associate
Sam Dowling, Office Assistant
DEPARTMENT OF COMMUNICATIVE DISORDERS  
SPEECH AND HEARING CENTER  

A HISTORY

In September 1938 T. Earle Johnson, Chairman of the University of Alabama, Department of Speech, began offering undergraduate academic coursework in what has come to be known as the discipline of human communication sciences and disorders. At the same time, he announced the opening of a speech and hearing clinic to serve both the local and the university communities. Thus, since 1938, the University of Alabama Speech and Hearing Center has been serving citizens of Alabama, and the academic program is the oldest continuing program in Alabama. The first graduate-level seminar was begun in September, 1939, with the first master's thesis being completed in 1941.

The early program concentration was entirely in "speech therapy." The appointment in 1953 of the Department's first full-time audiologist allowed expansion in that curriculum. With the assistance of a federal grant in 1962, a program for training educators of the hearing impaired at the master's level was initiated. The program continued in the Department until 1989 when it was moved to the College of Education. Throughout the 1970s, 1980s and early 1990s certification programs at the Class B, A, and AA were provided through the Department. Changes in certification in the 1990s resulted in cessation of those programs.

Dr. T. Earle Johnson, in addition to being chair of the Department of Speech, served as director of the University's first full-time audiologist allowed expansion in that curriculum. With the assistance of a federal grant in 1962, a program for training educators of the hearing impaired at the master's level was initiated. The program continued in the Department until 1989 when it was moved to the College of Education. Throughout the 1970s, 1980s and early 1990s certification programs at the Class B, A, and AA were provided through the Department. Changes in certification in the 1990s resulted in cessation of those programs.

Dr. T. Earle Johnson, in addition to being chair of the Department of Speech, served as director of the University of Alabama Speech and Hearing Center until 1953. In all, Dr. Johnson served the university for forty-two years before his retirement in 1970. Dr. Johnson received many honors for his pioneering efforts, not only in communication sciences and disorders, but in theater and speech communication as well. He was awarded the Honors of the Speech and Hearing Association of Alabama in 1977, by then president, Dr. Gerald Culton, at the spring convention in Gulf Shores, Alabama. He was awarded an honorary doctorate from the University in 1991. Theater Tuscaloosa named a rehearsal hall in his honor. The fiftieth anniversary ceremony for the University of Alabama Speech and Hearing Center, which took place in September 1988, was dedicated to him. In the Fall of 1989 the Music and Speech Building was renamed Rowand-Johnson Hall in honor of Dr. Johnson and Dr. Wilbur Rowand (long-time chair of the music department which the building housed until the completion of the Moody Fine Arts Building). Dr. Johnson served as chair of the Department of Speech until his retirement in 1970. It was soon after his retirement that the Department of Speech was reorganized into three departments (Communicative Disorders, Speech Communication, and Theater and Dance).
Dr. Ollie Backus succeeded Dr. Johnson as director of the University of Alabama Speech and Hearing Center in 1953 and served until she left the university in 1960. Dr. Backus was nationally and internationally known for her pioneering work in parent counseling, group therapy, and the use of homogeneous grouping in treating children with various communication disorders. The "Backus and Beasley Text" in speech-language pathology was one of the best known and widely used texts in the field for more than two decades. In the early 1950's Dr. Backus helped design the layout of the space occupied by the department and the center until 2005. Dr. Backus was a dynamic, charismatic teacher who attracted "disciples" to her emphasis on the significance of the client-clinician relationship. She held that an emotionally significant interpersonal relationship between the client and the clinician is the key to establishing clinical milieus that facilitate and enhance the client's communicative skills. Many of today's most prominent techniques used in developing pragmatic language competencies in children are more than reminiscent of Dr. Backus' early work.

Dr. Elizabeth J. Webster served as director of the Speech and Hearing Center from 1960 to 1963. Dr. Webster achieved a national reputation for her work with Louise Ward in parent counseling and in pursuing and extending the concepts pioneered by Dr. Backus. Dr. Webster and Mrs. Ward left the university in the late 1960s to teach at Memphis State University until their retirement in the late 1980s. Beginning in 1963, Drs. Thomas G. Giolas and Edwin W. Martin served as co-directors of the Speech and Hearing Center for three years. Dr. Giolas served one additional year as director (1966-67) after Dr. Martin left the university to take a position with the Bureau of Education for the Handicapped in Washington, D.C. Dr. Martin is credited with having significantly and positively influenced the development and passage of federal legislation that has become known as the Individuals with Disabilities Education Act (IDEA). Dr. Giolas, authored a widely known text in audiology.

Dr. Eugene B. Cooper came to Alabama in September 1967 to serve as chair of the Communicative Disorders Area in the Department of Speech and as director of the Speech and Hearing Center. Dr. Eugene C. Sheeley joined the faculty at the same time as coordinator of the Audiology Program. Among the individuals who, in addition to the current faculty, have served on the communicative disorders faculty since the late 1960s are Dr. Daniel E. Martin, Dr. Ronald Eversizer, Dr. Willie P. Cupples, Dr. John Muma, Dr. Richard E. Peach, Dr. Marilyn Newhoff, Ruth E. Walker, Dr. Joseph E. Hannah, Dr. Joan Hannah, Dr. Ronald Goldman, Dr. Arthur J. Dahle, Dr. David A. Daly, Dr. Arthur J. Schwartz, Beth Hardaway, Dr. E. Thayer Curry, Glen Baquet, Dr. Faye McCollister, Dr. Skip Testut, Dr. Elizabeth Blodgett, and Dr. John F. Schmitt, currently Associate Dean of The Graduate School. In 1976 the area of communicative disorders was granted departmental status and Dr. Eugene B. Cooper was appointed chair. Dr. E. Thayer Curry died in 1990. Dr. Eugene C. Sheeley retired in 1994. Following Dr. Sheeley’s retirement Dr. Derrin C. Wester, Dr. Lori Swanson, Dr. Mark Hedrick and Dr. Mary Beth Armstrong served the department before moving on to other positions. Dr. Carmen Taylor, who joined the faculty in 1995 as program
director for audiology, is currently Senior Associate Dean for the College of Arts and Sciences.

In 1996, Dr. Eugene B. Cooper retired after 30 years of service. His contributions and service to the profession on both the local and national levels were outstanding. His expertise in the area of stuttering continues to be acknowledged nationally and internationally. Dr. Gerald L. Culton, who joined the faculty in 1972, was appointed chairman of the Department and director of the Center in 1997 and served until 2003. In February of 2003, Dr. Karen F. Steckol joined the faculty in Speech-Language Pathology as professor, chair and clinic director, but sadly passed away in the fall of 2011 after a long illness. In August 2008, Dr. Marcia Hay-McCutcheon, with an interest in cochlear implants, joined the faculty and became chair of the department in August of 2012 until 2015. Dr. Angela Barber became chair in Fall 2015 and served until May 2021 when she was succeeded by Dr. Memorie Gosa.

The clinical faculty has been a stable and committed asset to the department for many years. Betty Carver joined the clinical faculty in 1976 and served as Coordinator of Speech-Language Services before retiring in 2006 after 30 years of service. Brenda McClellan replaced Betty Carver in March, 2006. Kathy Due replaced Brenda McClellan in June of 2008. Laura Moss replaced Kathy Due in Fall 2010 and became the clinic director in August of 2012. Debra McCrary has been in charge of the Tuscaloosa County Speech-Language Preschool since 1979. She retired in May 2011 and Tonya Hickman became the new Speech-Language Pathologist from the Tuscaloosa County School System. Pat Tulloss started the Tuscaloosa City Speech-Language Preschool in 1987. She retired 2004 and was replaced by Betsy Hope. Glen Baquet was Coordinator of Audiological services followed by Steve Gibbs. In 1986 Rebecca Brooks replaced Mr. Gibbs. In 2009, Mary Ray-Allen joined the clinical faculty to meet the increasing demands of the adult neurogenic population, then served as Clinic Director from 2016 to 2021. Also in 2009, Dr. JoAnne Payne, clinical audiologist joined our department, became Coordinator of Audiological Services in 2017 when Becca Brooks retired, and Clinic Director in 2021.

The Center's clinical service programs have undergone extensive changes since 1938. Designed originally to provide services for university students, the Center began operation in 1938 by serving twenty-five students. Inclusion of children as clients followed in 1940. The years during World War II and shortly thereafter saw a temporary suspension of clinical services. The initiation of expanded services took place in 1947 through a contract between the University and the Veterans Administration. This agreement continued for fifteen years, providing speech and hearing services for hundreds of veterans throughout the Southeast and resulting in a significant growth in the faculty and staff in communicative disorders. A residential children's speech program was begun in 1950 and was continued until 1970. For several years after 1952, the Center provided classes for children with cerebral palsy. In 1952, a residential Adult Therapy Program, supported through the Alabama Vocational Rehabilitation Service was begun. Both the child and adult residential programs became well known throughout the southeast and attracted regional and national
attention to the Alabama "program." The development in the 1970s of service programs in the schools along with the establishment of rehabilitation facilities throughout the state and region led to the termination of these residential programs by the late 1970s.

Since that time, The University of Alabama Speech and Hearing Center, through its contracts and grants with various agencies throughout west central Alabama, has maintained its prominence as a major healthcare provider in the area. In the late 1970s, this center became the first university speech and hearing center in the southeast and one of the first in the nation to dispense hearing aids. The cooperative agreements established in the 1970s between the Center and local school systems, industries, and various Head Start agencies became widely known and frequently replicated by other university speech and hearing centers throughout the region and nation. Thus, The University of Alabama Speech and Hearing Center, one of the first such facilities in the southeast, has a tradition for innovation and excellence. The faculty and staff currently associated with the Department of Communicative Disorders and The University of Alabama Speech and Hearing Center are proud of the tradition they strive to maintain.

A hallmark event occurred for the program in May, 2005. The Department of Communicative Disorders and the Speech and Hearing Center left the Rowand-Johnson Building after more than fifty years of cramped occupancy in the basement. The program moved to newly renovated space at 700 University Boulevard East, which was formerly Capstone Medical Center. The new space more than adequately met the needs of the program for clinic, teaching, research, and parking, and will continue to be a source of pride for everyone involved in the department.

As a representative of a new generation of students embarking on a career in speech-language pathology at The University of Alabama, you are welcomed. You too can be proud of the academic, research and clinical program of which you are now a part. The faculty and staff anticipate that knowing something of its history may help you feel at home at Alabama.
DEPARTMENT OF COMMUNICATIVE DISORDERS
MISSION STATEMENT

The Department of Communicative Disorders is committed to the sharing, translation, application, and dissemination of knowledge related to behavioral, cognitive, and neurological features of communication and swallowing across the life span.

We emphasize evidence-based practices in our students’ academic and clinical experiences and integrate these practices into our service provision.

An American Speech Language Hearing Association accredited program, the CD department produces students who represent the highest achievements in scholarship, service, and clinical practices.

Vision Statement

The Department of Communicative Disorders at The University of Alabama exists to create and disseminate evidence-based information related to the fields of audiology and speech-language pathology to provide the highest quality education for undergraduate and graduate students, clinical services to individuals in need, and research to the state of Alabama.

Values: Research, Education, Clinical Care, and Community Engagement and Service

The Department is further committed to maintaining national accreditation by the Council on Academic Accreditation through the American Speech-Language-Hearing Association. The purpose of accreditation is to ensure that nationally established standards related to the quality of education and training have been met by academic programs. Accreditation is intended to protect the interests of students, benefit the public, and improve the quality of teaching, learning, research, and professional practice.

Standards of excellence have never held greater responsibility as scope of practice has expanded. The Department is committed to preparing professionals to meet the challenges of the future in this dynamic and continuously expanding field of study. The Department of Communicative Disorders embodies the mission of the College of Arts and Sciences and The University of Alabama.
The University of Alabama Chapter of the National Student Speech-Language-Hearing Association received its charter in 1972. Membership consists of both undergraduate and graduate students. Officers are elected by student members by a majority vote. Officers are composed of president, vice-president, secretary, treasurer, and social chair. A faculty member, appointed by the department chair, serves as sponsor of the group.

NSSLHA’s mission is to promote unity and fellowship among the students in the Department of Communicative Disorders as well as sponsor professional development opportunities for these students. NSSLHA members participate in fund raising activities each year. Every summer the organization sponsors The Cooper Lecture Series in Communicative Disorders, which is a one day continuing education event open to the university and professional community as well as students. During the semester, various workshops are held covering topics of interest to students preparing to enter the profession of speech-language pathology. Students often attend conferences, such as the Annual Convention of the American Speech-Language-Hearing Association.

Students involved in NSSLHA have an opportunity to develop leadership skills. The activities sponsored by the organization help students mature professionally. The success of the organization is directly related to the commitment of the membership. All students are strongly encouraged to join. While NSSHLA membership is not required, students are strongly encouraged to participate.
FACILITY

The Department of Communicative Disorders and the Speech and Hearing Center are located at 700 University Blvd. East. The Speech and Hearing Center is open from 8:00 a.m. to 4:45 p.m. Monday through Friday. The Center is closed on university holidays.

Students are asked to park in the areas designated by their parking permit. The bus system runs to and from the Speech and Hearing Center during operating hours.

Academic faculty offices are housed in the building outside the rear door down Hallway D. Clinical faculty offices are housed in the main building down Hallway B-1.

The Student Workroom (Room 169) is open to students at anytime the Center is open. Students are responsible for the general appearance of the room. Purses and other valuables should never be left unattended in the workroom. A refrigerator and microwave are available for student use across from the workroom. Students needing access to the workroom after hours may come in the back door and open the door to Hallway B-2 with their Action Card. Other parts of the building are off limits after hours.

Student mailboxes are housed in Hallway B-2. Mailbox assignments will be updated each semester. Students are expected to check their mailboxes regularly. Lockers are in the Student Workroom and are available on a first come basis.

The majority of graduate classes are taught in the Room 178 in the Speech and Hearing Center. Undergraduate classes are taught in buildings in the center of campus as designated in the class schedule guide for each semester.
UA Severe Weather Protocol

In the case of a tornado warning (tornado has been sighted or detected by radar, sirens activated), all university activities are automatically suspended, including all classes and laboratories. If you are in a building, please move immediately to the lowest level and toward the center of the building away from windows (interior classrooms, offices, or corridors) and remain there until the tornado warning has expired. Classes in session when the tornado warning is issued can resume immediately after the warning has expired at the discretion of the instructor. Classes that have not yet begun will resume 30 minutes after the tornado warning has expired provided at least half of the class period remains.

UA is a residential campus with many students living on or near campus. In general classes will remain in session until the National Weather Service issues safety warnings for the city of Tuscaloosa. Clearly, some students and faculty commute from adjacent counties. These counties may experience weather related problems not encountered in Tuscaloosa. Individuals should follow the advice of the National Weather Service for that area taking the necessary precautions to ensure personal safety. Whenever the National Weather Service and the Emergency Management Agency issue a warning, people in the path of the storm (tornado or severe thunderstorm) should take immediate life-saving actions.

When West Alabama is under a severe weather advisory, conditions can change rapidly. It is imperative to get to where you can receive information from the National Weather Service and to follow the instructions provided. Personal safety should dictate the actions that faculty, staff and students take. The Office of Public Relations will disseminate the latest information regarding conditions on campus in the following ways:

- Weather advisory posted on the UA homepage
- Weather advisory sent out through Connect-ED--faculty, staff and students (sign up at myBama)
- Weather advisory broadcast over WVUA at 90.7 FM
- Weather advisory broadcast over Alabama Public Radio (WUAL) at 91.5 FM
- Weather advisories are broadcast via WUOA/WVUA-TV, which can be viewed across Central Alabama. Also, visit wvuatv.com for up-to-the-minute weather information. A mobile Web site is also available for your convenience.

Disclaimer: Every effort was made to provide you as a student in this department with the most up-to-date general information; however, there are times when there are changes that may have occurred. It is your responsibility as a student to confer with the department chair and your advisor about any specific questions you may have.

Speech and Hearing Center Weather Policy

In case of inclement weather, the Speech and Hearing Center will follow the Tuscaloosa City Schools weather plan. If TCS dismisses, the Speech and Hearing Center will also close. Families will be notified of this policy when services begin.
Academic Honor Code

Communicative Disorders students are expected to adhere to the University of Alabama Academic Honor Code, which states:

*All students in attendance at The University of Alabama are expected to be honorable and observe standards of conduct appropriate to a community of scholars. The University of Alabama expects from its students a higher standard of conduct than the minimum required to avoid discipline.*

Academic misconduct includes all acts of dishonesty in any academic or related matter and any knowing or intentional help, attempt to help, or conspiracy to help another student commit an act of academic dishonesty. Academic dishonesty includes, but is not limited to, the following acts, when performed in any type of academic or academically related matter, exercise, or activity:

**Cheating:** Using or attempting to use unauthorized materials, information, study aids, or computer-related information.

**Plagiarism:** Representing the words, data, works, ideas, computer programs or output, or anything not generated in an authorized fashion, as one's own.

**Fabrication:** Presenting as genuine, any invented or falsified citation or material.

**Misrepresentation:** Falsifying, altering, or misstating the contents of documents or other materials related to academic matters, including schedules, prerequisites, and transcripts.

All cases of academic misconduct will be submitted and investigated within the College of Arts and Sciences, where penalties will be determined. The complete Academic Integrity Policy can be found at [studenthandbook.ua.edu/conduct.html](http://studenthandbook.ua.edu/conduct.html).

Code of Student Conduct

The Code of Student Conduct encourages students to pursue, honesty, fairness, integrity, and respect both on and off campus. Specifically, the Capstone Creed states,

“As a member of the University of Alabama community, I will pursue knowledge, act with fairness, integrity, and respect; promote equality and inclusion; foster individual and civic responsibility, and strive for excellence in all I do.”
Attendance Policy

Consistent and regular class attendance is expected. Absenteeism from class may be excused in cases of illness or emergency (i.e., illness with doctor’s note that includes dates the student should be excused, death of an immediate family member, accident). Arrangements for assignments missed during an excused absence will be determined per the Attendance Policy located on the course syllabus.

Academic Program

The Department of Communicative Disorders offers a Bachelor of Arts (BA) degree and a minor in communicative disorders (speech-language pathology). Students majoring in communicative disorders are expected to matriculate to graduate study in speech-language pathology or audiology.

Communicative Disorders Major (BA)

Degree requirements
Students earning the Bachelor of Arts degree (BA) with a major in communicative disorders must complete all University, college, and departmental degree requirements. These include the general education requirements, the following major requirements, all requirements for an approved minor, and other sufficient credits to total a minimum of 120 applicable semester hours.

Admission into the major
Sophomore standing is required to enroll in any 200-, 300-, and 400-level CD course. Completion of all 200-level CD courses (except CD 277 Pre-professional Lab Experience) is required for enrollment in 300- and 400-level CD courses. To be considered for clinical practicum (CD 447 Clinic Practicum I Speech), students must have a minimum cumulative GPA of 3.30 and at least a 3.00 major GPA based on the following courses: CD 225 Intro Communication Disorders, CD 244 Phonetics, CD 275 Anatomy & Physiology of Speech and Hearing, CD 305 Language Development, and CD 420 Pediatric Disorders. Students are expected to formally declare a major no later than the fourth semester of full-time enrollment (or at 61 semester hours for transfer students). With the assistance of an advisor in the major department, students should complete the "Declaration of Major" online.

Grade point average
A 2.00 grade point average in the major is required for completion of the degree. The major GPA is calculated based on all courses applicable to the major that the student has attempted at UA. Minimum GPA standards are required for clinical practicum and continuance in the major. See "Admission into the major" and "Admission to Clinical Practicum."
Major courses
The major in communicative disorders requires the successful completion of the following 34 semester hours:

<table>

Upper-level residency
A minimum of 12 hours of 300- and 400-level courses in the major must be earned on this campus.

Ancillary courses
Grades in ancillary courses are not computed into the major GPA. The major in communicative disorders requires the successful completion of the following courses outside the major. Many of these courses can be used to satisfy general education requirements.
PY 101 Intro To Psychology 3
BSC 1

Physical Science 2 4
Select one of the following: 3
BER 345 Educational Statistics
PY 211 Elem Statistical Methods
ST 260 Statistical Data Analysis
CJ 381 Statistics

**Total Hours** 14

¹ BSC course must be chosen from the following:
BSC 108 Intro Biology Non Maj I 4
BSC 109 Intro Biology Non Maj II 4
BSC 114 Principles Of Biology I 4
&BSC 115 and Laboratory Biology I 4
BSC 116 Principles Biology II 4
&BSC 117 and Biology II Laboratory 4
BSC 118 Honors General Biology I 4
BSC 120 Honors Gen Biology II 4

² Physical science course must be chosen from the following:

CH 101 General Chemistry 4
CH 102 General Chemistry 4
CH 104 Introductory Chemistry 4
CH 105 Introductory Org Chem 4
CH 117 Honors General Chemistry 4
CH 118 Honors General Chemistry 4
PH 101 General Physics I 4
PH 102 General Physics II 4
PH 105 General Physics W/Calc I 4
PH 106 General Physics W/Calc II 4
PH 125 Honors Gen Ph W/Calculus 4
PH 126 Honors Gen Ph W/Calculus 4

**Required minor**
This major requires the completion of a minor.
Additional major requirements
Students are advised that the major in communicative disorders is considered to be pre-professional. A master's degree or the equivalent is necessary for membership in and certification by the national professional organizations and for licensure by the state of Alabama and most other states. The Department of Communicative Disorders offers a program leading to the Master of Science degree in speech-language pathology.

Students are responsible for ensuring that they have met all University, college, major, and minor requirements. However, each student must meet with an advisor in the major department for academic planning and to be cleared for registration each semester. College advisors are also available for additional assistance with minor, college, and University requirements. Students majoring in communicative disorders who wish to participate in clinical practicum or audiology practicum must apply for admission into CD 447 Clin Practicum I Speech or CD 445 Audiology Lab Experience.

Admission into clinical practicum
Admission requirements include the following:
- Minimum cumulative GPA of 3.30.
- Completion and minimum 3.00 GPA in all of the following:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>CD 225</td>
<td>Intro Comm Disorders</td>
<td>3</td>

<tr>
<td>CD 420</td>
<td>Pediatric Disorders</td>
<td>3</td>
</tr>
</tbody>
</table>

Applications for summer and fall clinics are due February 1st and applications for spring clinics are due September 1st. Admission is limited between 15-20 students per semester for CD 447 and a maximum of 3 students per semester for CD 445. Upon admission to an undergraduate clinical practicum, a permit will be issued to the student to enroll in CD 447 or CD 445.

Research opportunities
The Department of Communicative Disorders provides students an opportunity to participate in research with a departmental faculty member. Students may contact faculty members whose research matches their interests. Undergraduate, graduate, and thesis opportunities are available. Research experiences are not required but are encouraged.
Department Awards

Undergraduate and graduate awards are available to students who demonstrate exceptional performance in clinical, academic, and service areas. Students are nominated and voted on by faculty and clinical supervisors. Awards are presented at the University of Alabama Honors Day.

Communicative Disorders Minor

Admission into the minor
A cumulative GPA of at least 2.50 and sophomore standing are required for entry into 200-level CD courses. Completion of 200-level CD courses is required for enrollment in 300- and 400-level CD courses. Students are expected to formally declare a minor. With the assistance of an advisor in the minor department, students should complete the "Declaration of Minor" form online before or during the third year of full-time enrollment.

Grade point average
A 2.00 grade point average in the minor is required. The minor GPA is calculated based on all courses applicable to the minor that the student has attempted at UA. Minor GPA standards are required for continuance in the minor. See "Admission into the minor."

Minor courses
The minor in communicative disorders requires the successful completion of the following 18 semester hours:

<table>
<thead>
<tr>

<td><strong>Hours</strong></td>
<td><strong>18</strong></td>
</tr>
</tbody>
</table>

Upper-level residency
A minimum of 6 hours of 300- and 400-level courses in the minor must be earned on this campus.

Ancillary courses
This minor does not require ancillary courses.
Additional minor requirements
Students are responsible for ensuring that they have met all University, college, major, and minor requirements. However, each student must meet with an advisor in the major department for academic planning and to be cleared for registration each semester. College advisors are also available for additional assistance with minor, college, and University requirements.
I. Master of Science Admission and Program Requirements

General Requirements for the Master of Science Degree: See the Graduate School Catalog that is in effect at the time of admission or graduation, and see the Description of the degree program in speech-language pathology.

A. Admission

Graduate students in the Department of Communicative Disorders must meet the Undergraduate GPA of the Graduate School regulations governing admission. The minimum requirement is that the applicants meet the Graduate School's unconditional admission standard of a 3.0 overall undergraduate GPA on a 4.0 scale. A 3.0 on a 4.0 scale for the last 60 hours of Undergraduate may be considered in unusual circumstances.

Following unconditional admission by the Graduate School, the student must be accepted by the graduate faculty of the Department. In addition to the 3.0 GPA standard and GRE score, additional application requirements include: letters of recommendation (for students that did not complete undergraduate program at The University of Alabama), video submission, written essay, and resume/curriculum vitae. The University of Alabama graduate program in Speech-Language Pathology completes a holistic application review taking into consideration applicants’ experiences, attributes and academic metrics as well as the value an applicant will bring to learning, clinical practice, and research efforts within this learning environment/department.

B. Probation

1. Academic GPA

A graduate student with unconditional standing who drops below a B average in grades at any time after earning 6 semester hours will be placed on probation and will not be permitted to apply for admission to candidacy for the master's degree. Probationary status must be removed by raising the overall average to a B or better during the next 12 hours of graduate work following the period in which the probation was incurred. Failure to do so will result in dismissal from the Graduate School. Any student whose overall average drops below a B during the last 12 hours
of prescribed course work will be dropped from the graduate program in communicative disorders.

2. Clinic Grades

A “Fail” grade in clinic will place any student on probation. A remediation plan will be instituted. If a “fail” grade is earned after implementation of the remediation plan the student will be dismissed from the program. A student will not be allowed to graduate with a “Fail” grade in clinic in their last semester.

C. Deficiencies

Undergraduate course deficiencies must be removed as soon as possible, but such courses may be taken concurrently with ones for graduate credit.

In unusual cases certain requirements or procedures may be modified or waived by the Graduate Faculty of the Department.

D. Advising

1. After being admitted to the Graduate School, a student will be assigned an academic advisor (Director of Graduate Studies).

2. Students must meet with the Director of Graduate Studies to plan a course of study. A student’s course of study must meet the minimum requirements of the Graduate School, the Department, and the American Speech-Language-Hearing Association requirements for the certification of clinical competence.

E. Hour or Credit Requirement

1. The Graduate School requires a minimum of 30 graduate semester hours of academic course work*, six hours of which may be for writing a thesis. Requirements of a Master’s degree in speech-language pathology vary but generally average 36-39 hours over 5 semesters of study.

2. Subject to the approval of the student's advisory committee and the dean of the Graduate School, up to one-half of the required course work may be transferred from another institution. These hours must be in communicative disorders, or in a closely allied subject, and must contribute to the educational objectives of the student.

*Graduate course that does not count as academic course work is CD 517: Advanced Clinical Practicum, Speech.
F. Program Length

The MINIMUM length of the program for the master's degree is the equivalent of five semesters for a student with an undergraduate background in communicative disorders, or seven semesters for a student without such a background. The Graduate School requires that the degree be completed within six years.

G. Application for the Degree

Each candidate for a master's degree must apply for graduation through the Graduate School no later than the registration period of the semester, or of the first term of the summer session, in which the requirements for the degree are completed. Candidates should note that application is made for a Master of Science degree with a major in speech-language pathology.

II. Thesis Requirement for Plan I

The Department encourages the writing of theses by talented and capable students pursuing the Master of Science degree. A graduate student who wishes to write a thesis must secure the approval of a member of the graduate faculty to direct the study within the first semester of graduate school. Approval for a thesis that uses human subjects must be secured from the Institutional Review Board. Forms for the thesis option are at: http://web.as.ua.edu/cd/wp-content/uploads/2009/07/Thesis-Option-Forms.pdf

A. Thesis Scope

The scope of the thesis will be carefully considered and then limited according to the following:

1. A student will take six hours of CD 599, Thesis Research--hence the effort required by the thesis problem should be comparable to the work expected from a superior student for two seminar courses. A student must be enrolled in CD 599 continuously once work on a thesis has begun and during the semester that the Graduate School approves the thesis.

2. The scope of the problem must permit the student to complete the thesis within five months.
3. During the second or third semester of graduate school your data must be collected. To allow you to complete data collection, a flexible clinical placement will be granted for one of these semesters. Please discuss your expectations for data collection with the Clinic Director when you decide to complete the thesis option so that this accommodation can be made.

B. The Thesis Committee

1. The Thesis Committee is composed of graduate faculty members and is appointed by the Dean of the Graduate School. It includes two members of the Department of Communicative Disorders, thesis advisor and one other member from outside the Department all holding current graduate faculty status. An additional member may be included if the nature of the study justifies it.

2. A typed prospectus will be presented to each committee member at least one week prior to the first meeting. At the initial meeting the committee may approve the prospectus as it is or instruct a student to make alterations in the proposal. At this meeting it will be decided whether the committee will convene again prior to the final meeting.

3. If there is no interim meeting, individual members of the Thesis Committee must be consulted during the study as needed. A meeting of the entire committee will be called by the chair to consider any major changes.

4. After the chair of the Thesis Committee approves a draft of the thesis, a copy will be prepared for each committee member. A copy along with a list of corrections will be submitted to each member of the Thesis Committee one week prior to its final meeting.

5. At the final meeting, the student will orally present the thesis to the committee. Also, the committee may approve the thesis, approve it with minor changes, recommend major changes with another meeting to consider the revision, or disapprove the thesis. The committee may also supply additional corrections. The thesis may be accepted if a majority of the Thesis Committee approves it.

C. Thesis Style

A copy of an online Manual for Students Preparing Theses and Dissertations should be obtained from the web, http://graduate.ua.edu/etd/index.html except when it conflicts with the Graduate Schools, online manual. The Publication Manual of the American Psychological Association (latest edition) will be followed. Copies are sold at the University Supply Store.
D. The Thesis

1. After the final meeting of the Thesis Committee any typographical errors should be corrected and recommended revisions should be made.

3. A student will need at least four bound copies of the thesis: two for the Graduate School, one for the Department, and one for the chair of the Thesis Committee.

4. A student should consult the Graduate Office about any question of form that cannot be answered by the two publications listed above.

5. Students choosing the thesis option will not be required to take comprehensive exams. They will, however, be required to complete a KASA form that will be reviewed by the chair of the department at an exit interview upon graduation.

III. Comprehensives for Plan II

A. Written Comprehensive Examination
1. Students will take written comprehensive examinations over the course of the five semesters Master’s program. Students must pass comprehensive exams in order to graduate.
2. Students taking the examinations will be relieved of academic and clinical duties on the examination days. The time and place will be set and announced by the Chair of the Department but will take place in a campus computer lab with internet access disabled, unless announced otherwise.
3. The examination is designed to reveal the knowledge gained by students in multiple content areas, and their ability to express that knowledge in professional, clinical written communication. Therefore, in addition to content, clarity and grammar will be assessed.
4. Each answer will be reviewed by a graduate faculty member with expertise in the content area. Answers that do not receive a passing mark will be reviewed by a second faculty member.

B. Supplementary Examination

The purpose of this examination is to provide a mandatory second comprehensive exam question for any student who fails one of the original questions given during the comprehensive examination period. The second question may or may not be the original question and the examination format may be written or oral depending. This will be determined by the primary faculty member responsible for the question.
C. Nature of Comprehensive Exam Questions

As this is a comprehensive examination, the topics of the questions may overlap across course lines, requiring the student to integrate information from more than one content area. Since the questions will be chosen to reflect the content areas represented on the ASHA Praxis exam for speech-language pathology, all areas must be studied in preparation for the comprehensive examination. Not all areas will be necessarily included in the test questions. The twelve content areas from which questions will be drawn are:

- Child language development and disorders
- Phonological/articulation disorders
- Fluency disorders
- Motor speech disorders
- Voice disorders
- Neurogenic language disorders
- Dysphagia
- Multicultural issues
- Audiology
- Research methods
- Professional issues
- AAC
GOALS

The University of Alabama Master of Science degree program in speech-language pathology is designed to prepare speech-language pathologists to contribute to the prevention, assessment, and treatment of communicative disorders. Through formal academic coursework, clinical experience, and exposure to research, students enrolled in the program acquire knowledge of the literature in human communication sciences and disorders, skill in the administration and interpretation of speech, language and hearing measures, the ability to apply therapy techniques, an appreciation of related behavior, physical and biological sciences, an awareness of, and an appreciation for, the multicultural nature of our society, and insight into their own professional strengths and limitations.

Students completing the requirements for the Master of Science degree at The University of Alabama meet the academic and clinical practicum requirements for the American Speech-Language-Hearing Association's Certificate of Clinical Competence in speech-language pathology and for state licensure in Alabama.

The Master of Science degree program in Speech-Language Pathology provides the following:

1. A prescribed sequence of courses in human communication sciences and disorders and related disciplines.

2. Opportunities to observe, discuss, and participate in the assessment and treatment of individuals of all ages with a wide range of communication disabilities at The University of Alabama Speech and Hearing Center and various off-campus facilities.

3. Experience in the assessment and treatment of individuals with speech, language and hearing disorders.

4. Opportunities for research experiences which may include the writing of a thesis.
GENERAL ACADEMIC AND CLINICAL REQUIREMENTS

After completing requirements for the Master of Science degree in speech-language pathology at The University of Alabama, a student will have had academic and/or clinical experience in the following areas at the graduate or undergraduate level.

1. Language development
2. Phonetics
3. Speech and hearing science
4. Anatomy and physiology of the speech and hearing mechanism
5. Hearing problems and basic hearing testing
6. Principles of aural rehabilitation
7. Fluency disorders
8. Phonological and articulation disorders
9. Diagnostic procedures in speech and language
10. Language disorders and intervention
11. Orofacial and resonance disorders
12. Adult neurogenic disorders
13. Voice disorders
14. Augmentative communication systems
15. Dysphagia and motor speech disorders
16. Multicultural factors
17. Research methods, including experimental design
18. Four hundred plus hours of practicum with clients of all ages who present a variety of disorders of communication
19. Study in related areas such as:
   a. Education of the deaf and hard-of-hearing
   b. Child development
   c. Learning disabilities
   d. Counseling
   e. Psychological tests and measurements
   f. Multiple disabilities
   g. Intellectual disabilities
   h. Geriatrics
   i. Cognitive disorders
   j. Autism
SPECIFIC COURSE REQUIREMENTS

Students without an undergraduate emphasis in communicative disorders must complete the following courses (31 Hours):

- CD 244: Phonetics
- CD 275: Anatomy and Physiology of the Speech/Hearing Mechanism
- CD 277: Pre-Professional Lab (1hr)
- CD 305: Language Development
- CD 310: Acoustics of Speech
- CD 420: Pediatric Disorders
- CD 422: Neurological Disorders
- CD 351: Hearing Science
- CD 352: Neuro for CD
- CD 443/543: Basic Audiology
- CD 444/544: Aural Rehabilitation

Graduate students at the master's level majoring in speech-language pathology are required to complete the following courses:

- CD 501: Research Methods
- CD 508: Diagnostic Practicum
- CD 509: Language Development
- CD 512: Language Disorders
- CD 515: Professional Issues
- CD 517: Advanced Clinical Practicum I
- CD 518: Advanced Clinical Practicum II
- CD 545: Audiology Lab
- CD 551: Phonology and Articulation
- CD 552: Neuro I
- CD 553: Neuro II
- CD 554: Fluency
- CD 555: Voice
- CD 556: Motor Speech
- CD 575: Dysphagia in Children
- CD 576: Dysphagia in Adults
### GRADUATE CURRICULUM COURSE SEQUENCE FOR STUDENTS ENTERING IN FALL SEMESTER

<table>

  - CD 517: Clinic (3)

- **Spring 2**
  - CD 518: Clinic (6)
  - CD 508: Dx clinic (3)

---

**Electives:**
- CD 502: Psychology of Language
- CD 505: Augmentative and Alternative Communication
- CD 514: Autism
- CD 516: Multicultural Issues
- CD 535: Medical SLP
- CD 546: Aural Rehab for the SLP
- CD 549: Sociolinguistics in SLP
- CD 550: Aphasia
- CD 550: Advanced Research Practicum
- CD 557: Special Populations
- CD 578: Counseling

*Electives offered each semester are subject to change based on faculty/instructor availability*
DURATION OF TRAINING

Students with a typical pre-professional undergraduate background in communicative disorders generally can complete the above requirements in five continuous semesters beginning in the Fall semester (F, SP, S, F, Sp).

Students with no undergraduate background in communicative disorders typically are able to complete the above requirements in seven continuous semesters beginning only in Fall Semesters (F, Sp, S, F, Sp, S, F).

CERTIFICATION AND LICENSURE

In addition to having completed all the academic and clinical requirements for the American Speech-Language-Hearing Association's Certificate of Clinical Competence in Speech-Language Pathology, students completing this program will be eligible to apply for a state license granted by the Alabama Board of Examiners in Speech Pathology and Audiology.

Graduates may also become employed in the public schools of Alabama on a provisional basis prior to becoming licensed, and on a permanent tenure earning basis after obtaining licensure and receiving a Class A teacher’s certificate from the State Department of Education.
The ASHA requirements for clinical practicum and minimum supervision are specified below. Each supervisor is asked to maintain a record of therapy sessions and evaluations supervised.

1. Students must observe a minimum of 25 clock hours of evaluations and management of disorders with a variety of clients prior to being assigned clients for clock-hour credit. This requirement is achieved by each student’s completion of CD 277: Preprofessional Laboratory Experience, a 1 credit hour pass-fail course.

2. The student’s first 25 clock hours of practicum must be supervised by a member of the staff or faculty.

3. Students must complete a minimum of 50 supervised clock hours in the area of their major (speech-language pathology) in each of 3 distinctly different settings.

4. In all practicum sites, at least 50% of each evaluation session must be directly observed by the clinical supervisor.

5. In all practicum sites, at least 25% of each student’s total contact time in clinical treatment must be directly observed by the clinical supervisor.

6. In all practicum sites, students earn clock hours only for the portion of the time spent in direct provision of services to the client or client’s family.

7. In all practicum sites, major decisions made by the student clinician regarding evaluation and treatment of a client are implemented or communicated to the client only after approval by the clinical supervisor.

8. At least 325 of the required 400 clock hours must be earned at the graduate level.
Documented Complaint Process – University Student Handbook
(http://www.studenthandbook.ua.edu/studappellandgrievpolicies.html)

A student against a faculty member, administrator, or staff member at the University may file academic grievances. Written complaints should be filed as soon as possible after the alleged action took place and should be submitted to the department chairperson in the division where the action took place. Copies of the University Academic Grievance procedures are available in the Dean's Office of each college and school.

Procedures for Complaints Against Graduate Education Programs
Council on Academic Accreditation
(http://www.asha.org/academic/accreditation/accredmanual/section8/)

A complaint about any accredited program or program in candidacy status may be submitted by any student, instructional staff member, speech-language pathologist, audiologist, and/or member of the public.

Criteria for Complaints

Complaints about programs must meet the following criteria:

a) be against an accredited graduate education program or program in candidacy status in audiology and/or speech language pathology,

b) relate to the Standards for Accreditation of Entry-Level Graduate Education Programs in Audiology and Speech Language Pathology,

c) clearly describe the specific nature of the conduct being complained about, which must have occurred at least in part within 5 years of the date the complaint is filed, the relationship of the complaint to the accreditation standards, and provide supporting data for the charge.

Complaints must meet the following submission requirements:

a) include verification, if the complaint is from a student or faculty/instructional staff member, that the complainant exhausted all pertinent institutional grievance and review mechanisms before submitting a complaint to the CAA,

b) include the complainant's name, address and telephone contact information and the complainant's relationship to the program in order for the Accreditation Office staff to
verify the source of the information,

c) be signed and submitted in writing via U.S. mail, overnight courier, or hand delivery to the following address:
Chair, Council on Academic Accreditation in Audiology and Speech-Language Pathology
American Speech-Language-Hearing Association,
2200 Research Boulevard, #310
Rockville, MD 20850

d) will not be accepted by email or facsimile.

The complainant's burden of proof is a preponderance, or greater weight, of the evidence. Complaints against a program may be submitted even if separate action is pending against the program by another body except as outlined above.

SUMMARY

The Department of Communicative Disorders is dedicated to providing excellence in undergraduate and graduate training in the study of human communication sciences and disorders. In support of the educational mission of the program, the Speech and Hearing Center is committed to providing quality clinical services to persons with communicative disorders while preparing students to meet the challenges of this dynamic profession.

Students who enter the Department of Communicative Disorders will be held to the highest academic and clinical standards. The Department strives to mentor each student in an environment that is both positive and challenging.
